To Whom It May Concern,

I just wanted to express my appreciation for the experience we had acquiring office equipment from your company. You were both knowledgeable and professional in recommending a solution that met our exact needs. The installation and training you performed went very smoothly as well. Even before we acquired this new equipment you have always shown outstanding customer service, even finding loaner toner from other customers when we ran out. When we place a service call you have been very prompt in coming out and getting our equipment up and running.

We would highly recommend work with Arizona Digital Products to any company that wants to acquire new equipment.

Sincerely,

Brandon Harris
IT Manager
