To whom it may concern:

Paradise Valley Dermatology has worked with Arizona Digital for over five years and I personally have worked with Derek for the past year. Since Derek has maintained our account, we have purchased a new Xerox machine. Not only have we been happy with the machine, but the customer service received before and after the installation has been fantastic. On occasion I personally have had questions on the machines capabilities and contract clarifications. Derek has gathered this information diligently to ensure that my questions were answered in a timely matter and to my satisfaction.

If any company is thinking about new office equipment, I would highly recommend Arizona Digital Products and Derek to assist you in this need.

Sincerely,
