Arizona Digital Products, Inc.
7729 E Greenway Rd., Suite 300
Scottsdale, AZ 85260

To Whom It May Concern,

For many years, our organization used Xerox copiers. However, we recently switched to a Lexmark Multifunction device and have been extremely happy with this transition. The Lexmark machine has many additional features which we have been able to utilize. It is more compact, faster, quieter and extremely user-friendly.

Arizona Digital Products has also provided excellent customer care, in both their service engineers and IT staff.

If you are considering acquiring office equipment, we would endorse both Arizona Digital Products and the Lexmark brand of products.

Sincerely,

Lynne P. Froehlich
Administrative Director
